

GENESIS COMPOSITES LTD

QUALITY POLICY STATEMENT

It is the object of Genesis Composites Ltd to supply our customers with products which consistently meet their requirements for matching specification, meeting delivery requirements and providing good value.

To this end we will work with our customers to fully understand their requirements, put forward effective solutions, and control all aspects of manufacture to achieve satisfaction.

Individual files are opened for each customer order and whenever possible written instructions are used to control activities. Our suppliers and customers are of vital importance to our business and we aim to have honest and open relationships with them.

Brian Johnson
Managing Director
